

The school district boundaries displayed on this map were created as a result of a boundary review conducted prior to May 2000 and April 2001. The Michigan Center for Geographic Information (MCGI), the Michigan Center for Geographic Information (MCGI), and the U.S. Census Bureau, in cooperation with each school district and intermediate school district (ISD) in Michigan, conducted a boundary review of all school districts by the districts and county and of the school districts that had not been participating.

Information provided is accurate to the best of our knowledge and is subject to change as a result of a boundary review. While MCGI makes every effort to provide accurate and complete information, we do not warrant the information to be authoritative. Changes to school or county boundaries are subject to change as a result of a boundary review. The State of Michigan requires that all school districts and ISDs be notified of any changes to their boundaries. The State of Michigan requires that all school districts and ISDs be notified of any changes to their boundaries. The State of Michigan requires that all school districts and ISDs be notified of any changes to their boundaries.

Please feel free to contact MCGI with questions regarding the boundary mapping process. However, it should be noted that school districts and ISDs are the official authorities regarding school district boundaries. If you believe that there may be an error in a boundary, please contact the appropriate school district or ISD for verification and possible resolution. MCGI will welcome the opportunity to incorporate authorized boundary changes into our map information when received.
